

# INTRODUCTION

This OER will focus on introducing preschoolers to different colors and exploring the world around them through colorful objects, images, and activities.

# OBJECTS

- **Colorful Picture Cards:** Create or gather picture cards featuring different objects, animals, or scenes that represent each color. For example, a yellow lemon, a black cat, a blue sea etc.
- **Colorful Toys:** Include a variety of toys or objects in different colors, such as building blocks, crayons, toy cars, plush animals, balls, and puzzles.
- **Colored Craft Materials:** Have colored construction paper, craft foam, fabrics, pipe cleaners, and other craft materials in various colors available for hands-on and DIY activities.
- **Color Mixing Supplies:** Demonstrate color mixing activities by using watercolors or food coloring along with cups.
- **Rainbow Materials:** Collect materials for a rainbow craft. Colored ribbons, fabrics, cotton balls, or tissue paper are some ideas.

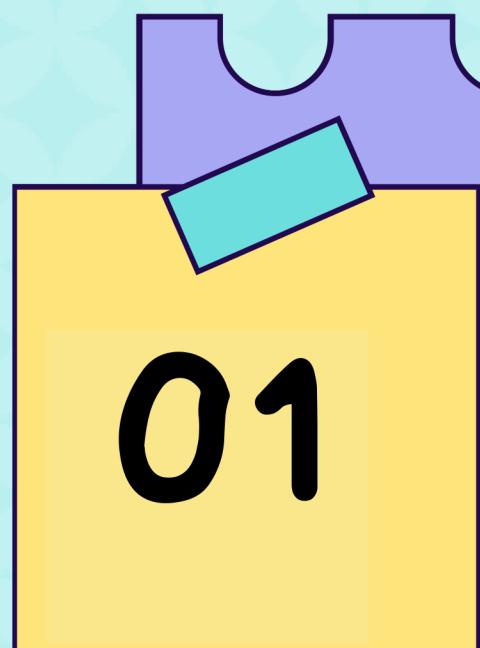

# OBJECTS

- **Colorful Snacks:** Try a creative cooking by preparing simple snacks that come in different colors, like fruit or vegetable slices and sticks (e.g., tomatoes, Oranges, grapes), colorful cereal Or pasta.
- **Colored Themed Books:** Collect picture books that represent color concepts and explore the world through different colors.
- **Flashcards:** Create your own colourful flashcards corresponding each color to their real-life images.
- **Colorful Sorting Activity:** Prepare colored bowls Or trays for a sorting activity and let the toddlers match objects from their environment to their corresponding colors.
- **Colorful Worksheets:** Create worksheets Or printables with color-themed activities such as coloring, tracing, Or matching.

# ACTIVITIES

01

## COLOR SCAVENGER HUNT:

Play a scavenger hunt where children search for different colored objects at the indoor or outdoor play area. Can be also provided a list of colors to find, and let them collect items of each color they discover.

02

## COLOR MIXING SENSORY PLAY:

Create a sensory play station with containers of colored water (primary colors), and let the children experiment color mixing by combining the water in order to create secondary colors.

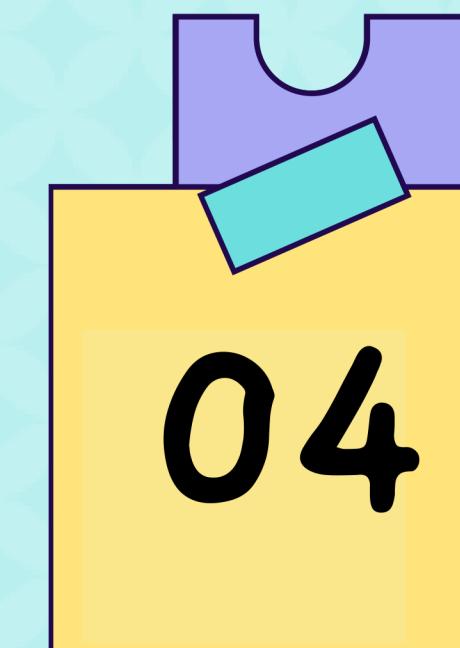

# ACTIVITIES

03

## RAINBOW COLLAGE:

Offer a variety of colorful craft materials, magazines, and pictures. Let the preschoolers create their own rainbow collages using the materials given.

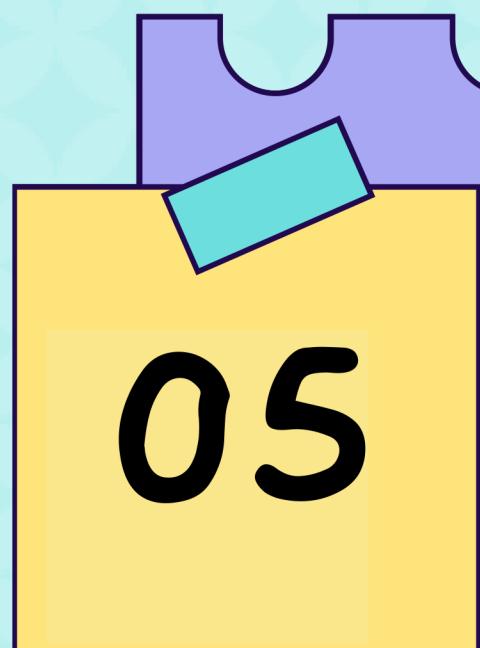

04

## COLOR-THEMED DRESS-UP DAY:

Organize a "Colorful Fashion Show" day. Encourage children to choose clothes of a specific color, show and describe their outfits.

# ACTIVITIES

05

## COLOR HUNT BINGO:

Make bingo cards with different colors or color words. The children can go on a color hunt to find objects that match the colors on their bingo cards.

06

## COLORFUL PLAYDOUGH CREATIONS:

Enhance children's creativity by letting them use their imagination to create colorful playdough sculptures and models. The only object needed is playdough in different colors.

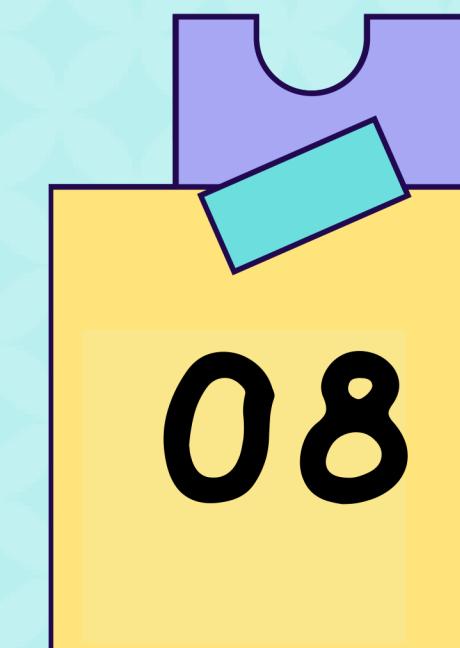

# ACTIVITIES

07

## COLOR SORTING RELAY RACE:

Organize a relay race where children sort colored objects into matching color buckets or trays. Time each team to add an element of excitement.

08

## NATURE COLOR WALK:

This activity takes place outdoors, where the preschoolers observe and collect natural objects (leaves, flowers, stones) of different colors, in order to use them for an eco-friendly art creation.

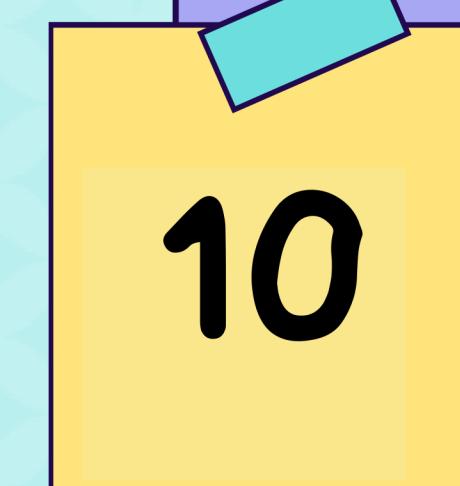

# ACTIVITIES

09

## COLORFUL COOKING:

Cook simple and colorful snacks with the children, using ingredients of different colors such as fruit kebabs with a variety of colorful fruits and veggies.

10

## COLORFUL SCIENCE EXPERIMENTS:

Try simple science experiments related to colors, such as color's spreading in water, rainbow's reflections, colors mixing etc.

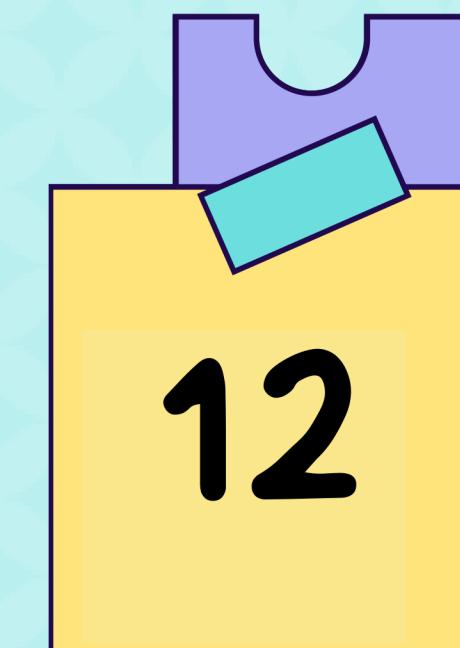

# ACTIVITIES

11

## COLORFUL STORY PUPPETS:

Create with the students unique puppet based on colors and use them to role play color-themed stories.

12

## COLOR EXPLORATION JARS:

Fill clear containers with different colored liquids (water and food coloring or watercolors) so the students can explore how colors change when combined.

# HOW TO BE E-CREATIVE?

Enhance the learning experience and engagement by adopting creative use of online tools to support the "Colors and their World" project. Here are some ideas:

**Create Digital Storytelling**

**Virtual Color Tours**

**Colorful Videos and Songs**

**Online Art Tools**

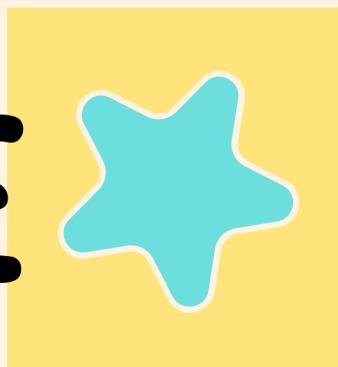

**Colorful Slideshows and Presentations**

**Digital Color Mixing**

**Virtual Field Trips**

LET'S BE  
CREATIVE  
AND  
PLAY!

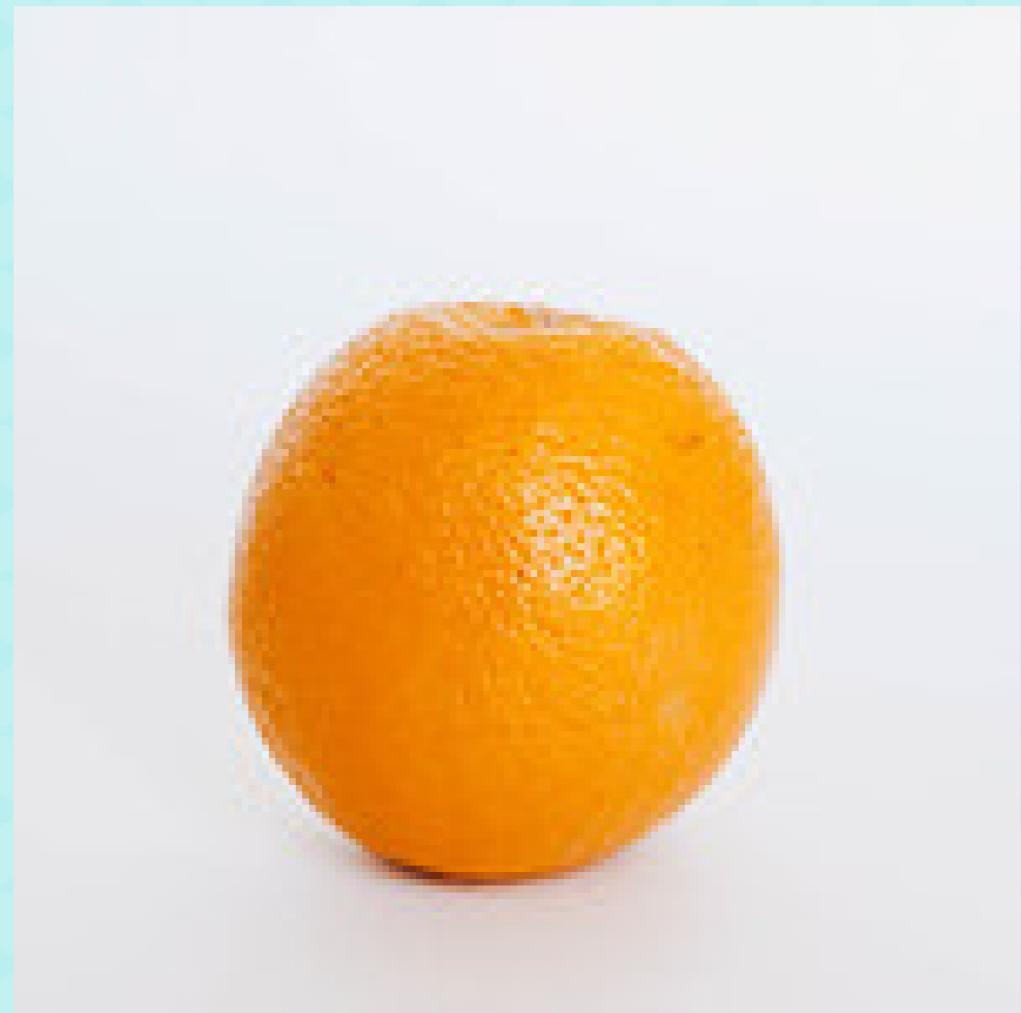

# FLASHCARDS

Following flashcards are being created from real - life fotos , downloaded from [flickr.com](https://flickr.com) and beeing under cc licences.

They can be used in different ways such as color hunt bingo, mach up activities or creative story-telling etc.

# PROJECT GOALS

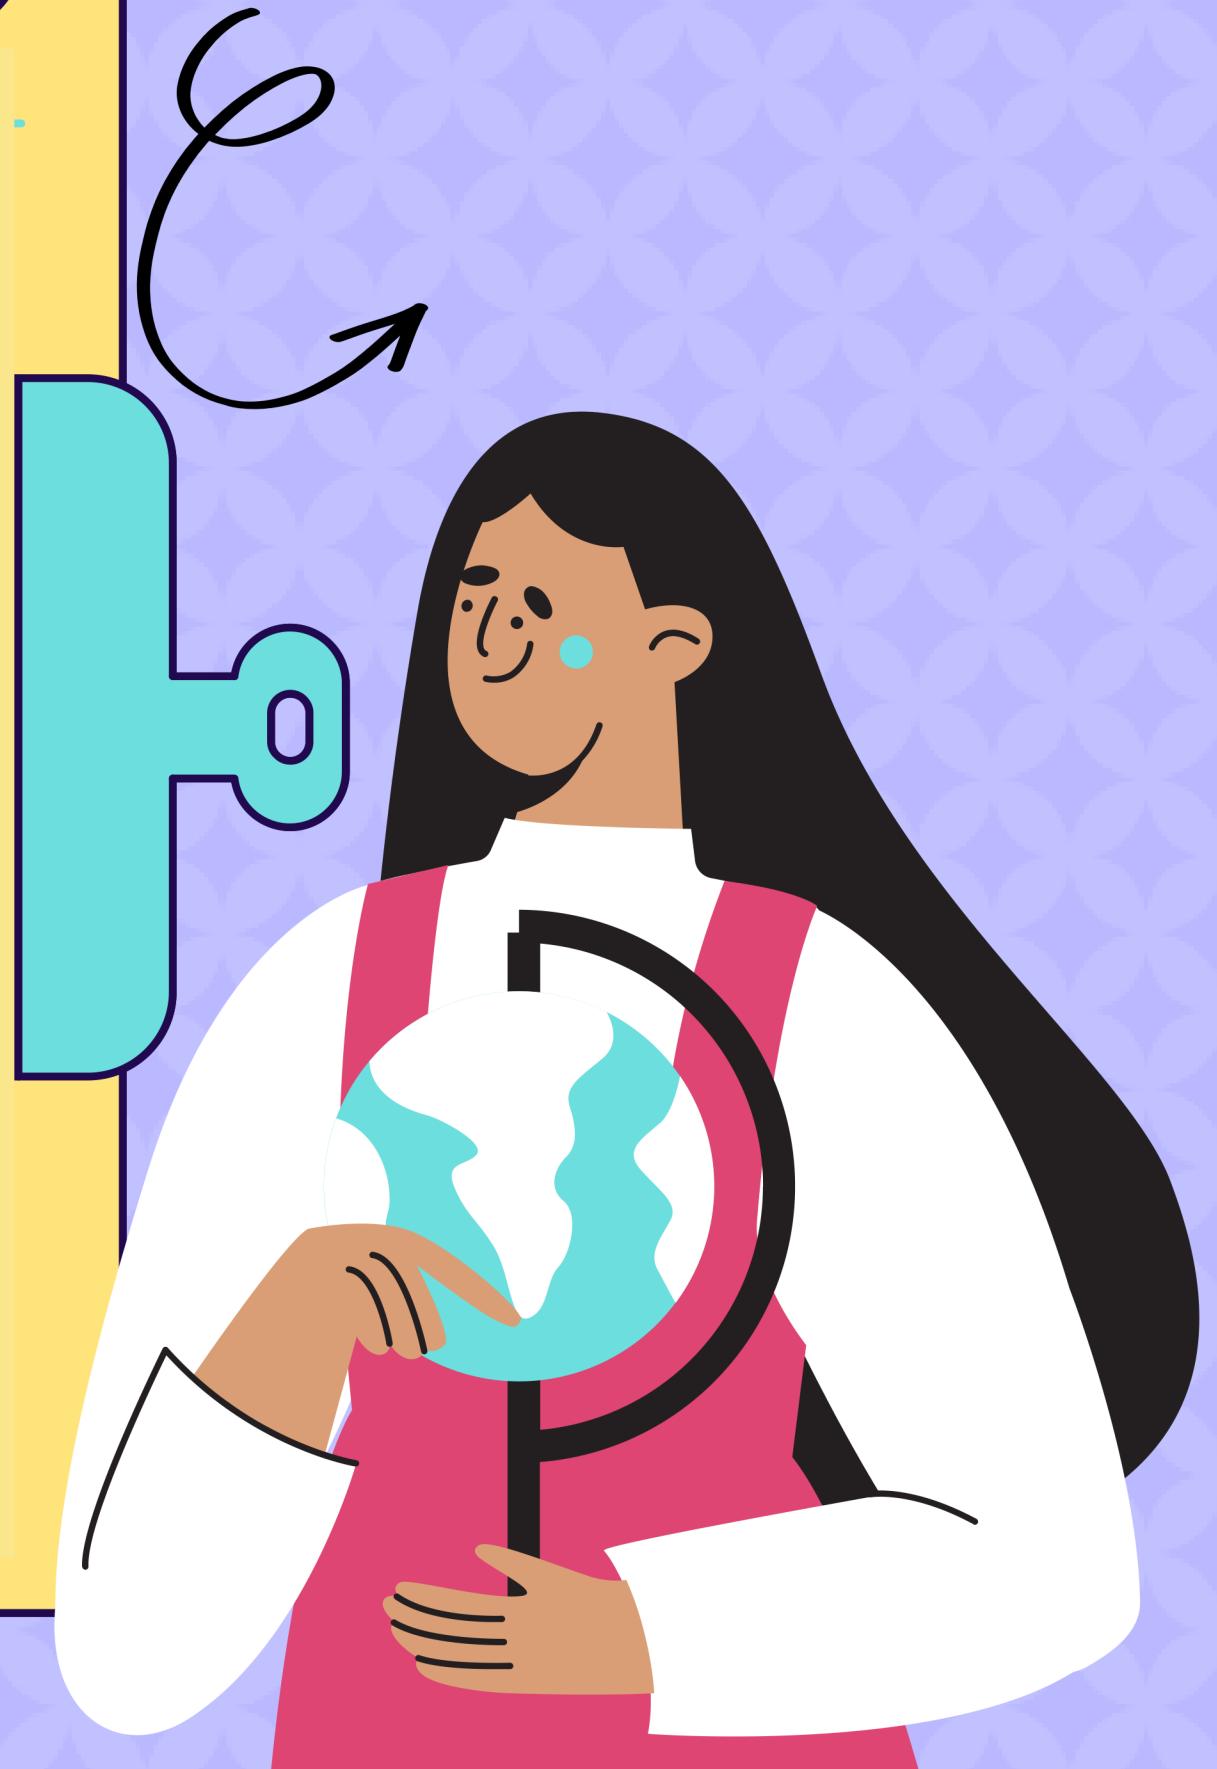

## PROJECT GOALS

- **COlOr RecOgnitiOn:** The goal of the "colors and their world" is to help students recognize and identify the colors.
- **Coor ExploratiOn:** Enhance the curiosity to explore the world around them through colors and understand how colors are present in everyday objects and nature.
- **Language Development:** Not only by expanding their vocabulary by including color names but also by describing objects using color words.
- **Creativity and Imagination:** Explore their creative skills by using their imagination through art activities, storytelling related to colors and role-play.

# CONCLUSIONS

## CONCLUSION 1

The "Colors and Their World" project for preschoolers provides an engaging and interactive learning experience.

## CONCLUSION 2

Through creative activities and online tools, children explore colors, develop recognition skills, and foster imagination.

## CONCLUSION 3

This project creates a vibrant and joyful foundation for their educational journey, instilling curiosity and confidence as they embrace the colorful wonders of the world.

thank you!
